LETTER FROM THE EDITOR: MISSION AFFORDABILITY

Learn more about winter savings opportunities from our Sr. Manager of Skier Services, Jen.

"Hello folks! I'm Jen, the Senior Manager of Skier Services at Mount Washington. I'm excited to share a bit about my journey with the resort, which started as a ski instructor 25 years ago - wow, time sure flies when you're having fun! While many things have evolved here since then, my passion for skiing and this mountain has remained the same...

As a parent, I know first hand the financial impact that extracurricular sports can have on a family. That's just one reason Mount Washington is continuing our Mission Affordability initiatives this winter by freezing or reducing the cost of most experiences..."

MISSION AFFORDABILITY

“We’ve lowered the cost of lift tickets and rental add-ons for group lesson participants, offering you significant savings”

HELLO FOLKS!

I'm Jen, the Senior Manager of Skier Services at Mount Washington. I'm excited to share a bit about my journey with the resort, which started as a ski instructor 25 years ago - wow, time sure flies when you're having fun! While many things have evolved here since then, my passion for skiing and this mountain has remained the same. When I'm not at work, you'll often find me sharing the love of the alpine with my husband and two boys, embracing the same thrills and joy that first drew me to the slopes all those years ago.

As a parent, I know firsthand the financial impact that extracurricular sports can have on a family. That's just one reason Mount Washington is continuing our Mission Affordability initiatives this winter by freezing or reducing the cost of most experiences. I'm proud to be part of a team committed to helping our community create unforgettable memories on the mountain without the added financial stress.

Throughout this Recreation Guide, look for the Mission Affordability icon to find places where you can save. Remember, it always pays off to plan ahead and book your experiences before arrival!

We've listened to your feedback and my team is thrilled to share some exciting updates to our winter programming. This season, we're bringing back half-day and full-day options for all Tots and Kids Group Lessons. We've extended the half-day sessions by 45 minutes and the full-day sessions by 1.5 hours to give your children even more time on the snow to enjoy and progress their skills.

In addition, we've lowered the cost of lift tickets and rental add-ons for group lesson participants, offering you significant savings. This means more value and less hassle, allowing you to enjoy well-deserved downtime while they learn. For extra convenience, consider adding lunch to the full-day lesson—giving your kids a complete day of adventure and learning while you get a full day of solo relaxation.

If you're new to skiing or snowboarding, take advantage of our fantastic programs designed specifically for beginners. Kick off your season with our Free Discovery Days from December 13-20 for ages 13+, where you can learn the basics at no cost! For a more comprehensive start, check out our Learn to Turn package; it includes three separate lessons with rental gear and

lift tickets, giving you everything you need to hit the slopes with confidence.

Once you've completed a Learn to Turn package, adults can take advantage of our starter gear offers, saving up to 50% off retail prices. Plus, you're eligible for a season pass at just \$119!

For kids, our Rookie Year Program is the perfect introduction to skiing and snowboarding, offering a fun and engaging way to get them started with incredibly affordable deals. Don't miss out on these fantastic opportunities to dive into all the fun that winter offers around the mountain!

For the seasoned snow enthusiasts seeking to progress their skills, booking multiple camps or seasonal programs instead of individual lessons can save you even more. Or join us for Family Friday Nights for special weekly deals on lift tickets, rentals, lessons, food and more!

I know my family is counting down the days until we're back on the snow together again, and we hope you are too! I can't wait to see all your smiling faces on the mountain this winter.

Sincerely,
Jen Crabtree
Sr. Manager of Skier Services
